Bachelor of Technology

ECE Engineering | 2015 to 2019

Dayananda Sagar University

Bengaluru

EXPERTISE

- ReactJS
- TypeScript
- NextJS
- JavaScript
- HTML
- CSS
- DynamoDB
- Git
- AWS

EXPERIENCE

Infosys

SENIOR ASSOCIATE CONSULTANT | From Jun 2021 to Present

Project 1

Name: lot Smart Spaces - Command Center

Details: This product allowed property owners and tenants to draw meaningful insights about the property, by helping them visualize data aggregated from various IoT sensors.

As a UI developer, I helped building the user interface for the command center. I managed fellow UI developers, reviewed their code, gathered requirements and wrote scalable JavaScript code for this project.

Teamlease Services

ASSOCIATE DEVOPS ENGINEER | From Jul 2019 to Jun 2021

Name: Employee on-boarding system - IConnect

Details: This product allowed business owners to on-board their employees with ease. As a contributor I worked on requirements gathering, data archival to AWS Glacier, application testing and support.
